

Activity

# Globalization | Identifying International Organizations

## Learning Objectives

Students will research news articles that highlight how international organizations can help solve problems.

## Materials

[Six Essential International Organizations You Need to Know](#)

[Identifying International Organizations](#)

## Instructional Plan

1. Have students read “Six Essential International Organizations” and fill out part 1 of handout.
2. Have students choose an organization and find a news event in which that organization was involved.
3. Use news reports and the organization’s website to fill out part 2 of the handout.
4. Post each student’s part 2 around the classroom in a gallery walk.
5. Discuss: How can international organizations help to solve problems?
